

Dear Parent/Guardians of Incoming 1st Graders,

June 7, 2019

This year we are assigning your student **mandatory IXL Math work** to do over the summer. Every child already has an IXL username and password. We know you're happy to be on summer vacation, but you must practice these skills to be prepared for the beginning of 1st grade. We recommend not waiting until the end of summer to complete this work. The work will receive a grade when 1st grade begins. The dates that this needs to be done are between June 11th-August 26th. **DO NOT begin before June 11** - because the IXL accounts are being RESET and all the work your child has done during Kindergarten will be wiped clean. The summer work must be done **AFTER** June 11th. It will serve as a refresher of what they've already done.

The work to be done this summer is KINDERGARTEN Level Math IXL
